We welcome you to join us in Macau for ISOPT Asia – East Meets West

Asia is becoming a center of excellence in clinical research in ophthalmology. This is in line with increased demand for innovative products and technologies for the awakening markets of the east. The interaction of innovative ideas and traditional medicine offers new venues of development and progress.

ISOPT is known for its acclaimed speakers and rich scientific program. The symposium will explore the latest innovations in Ophthalmology, covering a wide range of topics such as glaucoma, retinal diseases,

drug-delivery, neuroprotection, gene therapy and more.

In keeping with our tradition, we will be creating an atmosphere for discussions and updates.

The current meeting venue, The Venetian Macau Resort Hotel, offers magnificent options for any sort of formal and informal meetings.

If you are a clinician, an academic researcher or a professional in the industry or in regulatory affairs, don't miss this opportunity to meet experts from across the globe.

Welcome to Asia's Most Exciting Destination

The Venetian® Macao-Resort-Hotel plays a crucial role in making Macao one of Asia's most exciting entertainment venues. Nowhere else in Asia will you find such a rare combination of facilities, attractions and amenities!
